Please call Alex to arrange an appointment  
or to discuss your needs on  
01508 491115 or 07711 517896

## Honey Services

|                                    |             |
|------------------------------------|-------------|
| Honey extraction                   | - £10/super |
| Jarring service incl 1lb jar + lid | - 75p/jar   |
| Labelling Service (max 2/jar)      | - 10p/jar   |

**Apiary Management** - Too busy? Not enough time for your bees? Let me manage your apiary for you. Full service provided all year round.

**Hive Installation** - Always wanted bees in your garden but never got round to it? Let me install my hives in your garden for a monthly fee and you get all the honey. Help save the bees, do something 'green' and enjoy the produce of your own garden!

**Swarm collection** - I offer a free swarm collection service if one should land in your garden. Just call me!

## About Anglia Honey Services

Alex has been beekeeping since 2009 and has had much success at the Suffolk County Honey shows. Having moved to Norfolk in 2018, a friend suggested that there was a need for local extraction services so he set up Anglia Honey Services to provide support to the surrounding beekeepers. He is married to Cara, has a teenage son, 2 cats and about half a million bees.
